Service: Let me “ENGINEER” your quilts. Do you need to add a pieced border or two to a quilt to make it bigger & you can't quite get it right? Let me do the math! Do you have a block that you found in a magazine and you want to see how it would look as a quilt, but it needs to be re-sized & you aren't sure what size it should be? Let me do the math! If it takes me 1 hour or less the charge will be \$15. Standard charge for most projects will be \$25 and if you really have a complex design, requiring 3+ hours of work, then we will discuss it before the work begins. More details available if you are in need of this service.

Class Policy

A deposit of the class fee will secure your place in class. If you must cancel a class registration, one week's notice is required, to receive store credit. If the Nine Patch must cancel a class and you cannot attend the rescheduled class, your money will be refunded. Supply lists are available for most classes. Due to copyright laws, each student must have their own book or pattern. Photocopies are not permitted on any copyrighted materials. Class size minimum is 3, maximum of 8. It is best if you plan ahead and buy your supplies before the class. However, my instructors and I are here to help you so we would be glad to meet with you prior to the class if you need help selecting fabrics!
